

WOMEN SERVE IN THE BOLSHEVIK ARMY AND RED CROSS CORPS

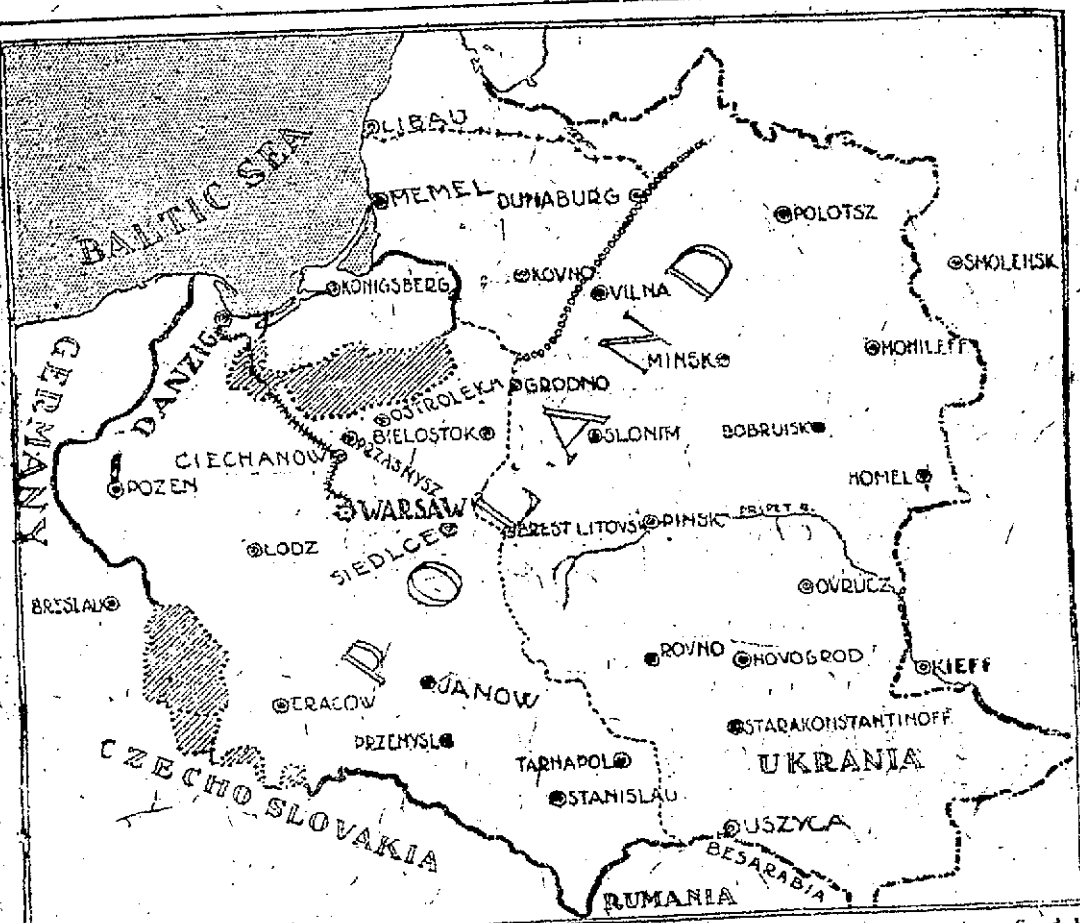

Above: Bolshevik doctor and trained nurses going on duty. Below: Bolshevik nurse treating a wounded Red soldier and typical young Cossack fighter in Russian army.

Many women are in the Bolshevik battalions, both as fighters and as relief workers. Two of the above photos show Bolshevik Red Cross women workers who are in the army and seeing

service with the forces fighting Poland. Though he does not look bedraggled and wears no whisk-

ers, the young man on the horse is a real Bolshevik from the south of Russia.

WORLD'S BLOODIEST BATTLE GROUND IN 1920

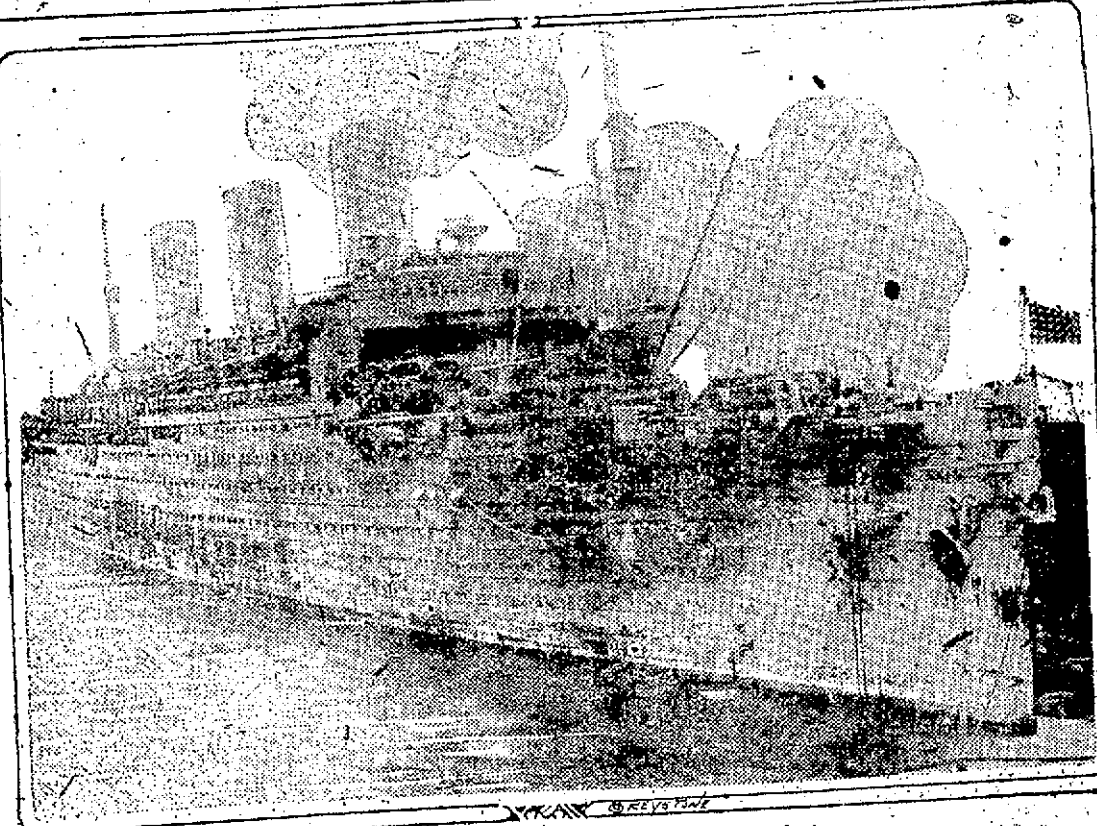

There are many wars now in progress, but the greatest of all in 1920 is the bloody struggle between Poland and Soviet Russia. This war was brought on by the hunger of the Poles for Russian territory. The map shows Poland

as the Poles would have it, with boundaries stretching eastward almost as far as Kiev and Smolensk. The dotted line running from Grodno and Brest Litovsk south to the Rumanian frontier marks the eastern

boundary of Poland as fixed by the treaty of Versailles. The shaded areas mark disputed territories where plebiscites will be held. The map shows the important railway line from Warsaw to Danzig.

HUGE GERMAN LINER SINKS INTO JUNK AT HOBOKEN DOCK

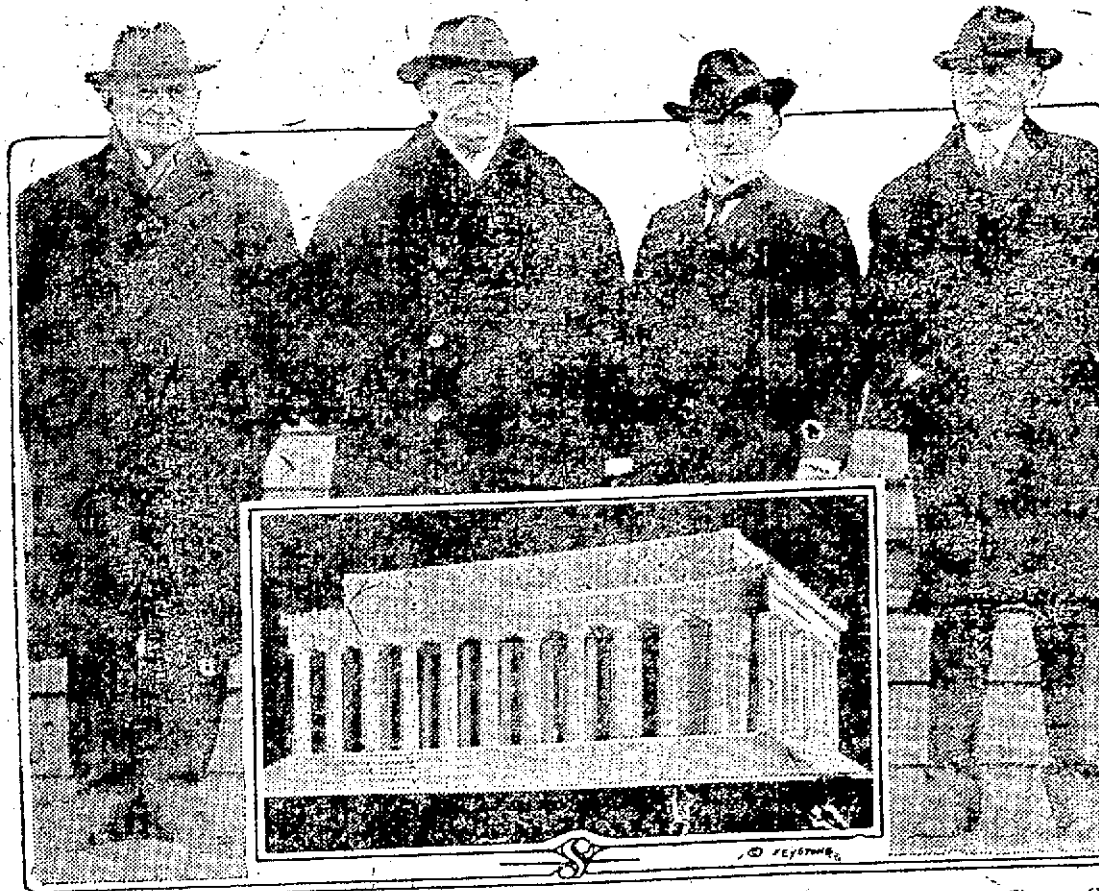

The Leviathan as she looks today at Hoboken dock.

The huge trans-Atlantic liner Leviathan, formerly the Hamburg-American steamer Vaterland, may never again be seen on the high seas. The ship, which was

seized by the U. S. government on America's entrance into the war, is now in the mud of her Hoboken dock and has deteriorated to so great an extent that

it will require an outlay of not less than \$8,000,000 to put her again into condition for sea service. The Leviathan did great work during the war.

LINCOLN MEMORIAL COMMISSION MEETS IN WASHINGTON. DECIDES TO DEDICATE MEMORIAL BUILDING IN THE FALL

Lincoln Memorial commission snapped during recent conference in Washington. Left to right: Champ Clark, ex-President Taft, Joseph G. Cannon and Samuel E. McCall. Insert shows Memorial building as it will look when completed.

The Lincoln Memorial commission recently held a meeting at the capitol in Washington to decide on the date for the dedication of the Lincoln Memorial which is nearing

completion. It was understood that the Memorial will be dedicated September 22, 1920. Ex-President Taft is chairman of the commission. Other members are ex-

Speaker Champ Clark, ex-Speaker Joseph G. Cannon and ex-Gov. Samuel McCall of Massachusetts. The cost of the memorial will total more than \$2,000,000.

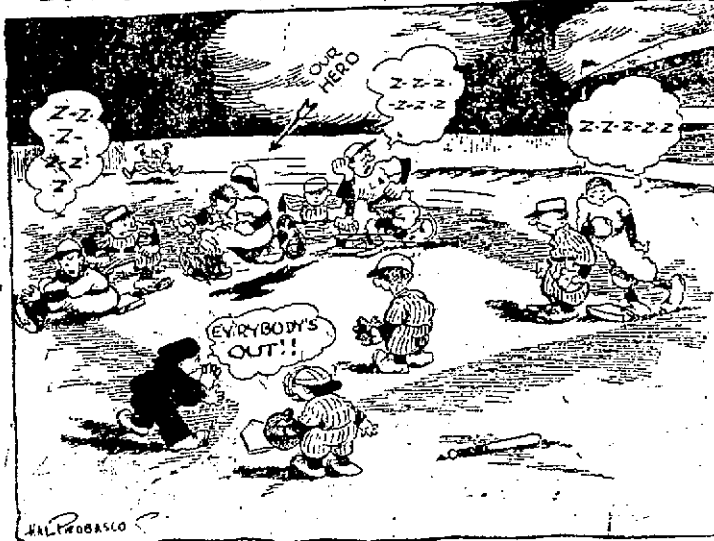

HER KISS FAILS TO PAY TAXICAB BILL; DRIVER TELLS COURT HE PREFERS \$6.20

Mrs. Diamond Brown in her apartment.

When Mrs. Diamond Brown stepped out of a taxi at the end of a ride in New York recently she ordered the driver a nice kiss instead of the \$6.20 rung up by the taximeter, according to that gentleman Philip Grenfield. He told the court later he spurned the kiss but failed to get the \$6.20. The court sentenced Mrs. Brown to five days in the workhouse for failure to pay the bill.

SAM WAS TOO BUSY URGING HIS FEET ON TO NOTICE ANY IDLERS ALONG THE WAY

Sam Crawford, former heavy hitter of the Detroit Tigers, who is playing good baseball for the Los Angeles club in the Pacific Coast league, recently made a "triple play" unassisted. The bases were jammed with Los Angeles players and nobody out when Sam came to bat. Crawford hit the ball deep into the outfield. The three men on base thought the ball would be caught. Sam didn't think so. The bases remained anchored to their sacks waiting for the catch. Sam summoned all the speed he had and circled the sacks. Sam had passed third when the ball struck the ground, the outfielder missed the ball entirely. As Sam crossed the plate the umpire yelled "Out." Sam was then told that he had automatically retired each runner he had passed. This instead of getting credit for a home run.

Mantle Clocks

Designs that will sure please you, fitted with the best grade works. Guaranteed for years of service and accurate time keeping qualities.

313 West Milwaukee St.

Gilbert Evenson Is One of Few Living Veterans of Mexican War of 1848

Oxen, horses, automobiles, airplanes. Most people have traveled by only one or two, but "Grandpa" Evenson, as he is known in Janesville, has been conveyed by all four. Although nearly a century old his mind is as clear as crystal and not only does he recall the time when the sight of a horse was almost unheard of, but he can tell in detail just how Janesville looked 75 years ago when he first came here.

"Grandpa" is a great believer in walking and in spite of the fact that he has seen all modes of traffic come and go, he still holds that there is nothing for keen enjoyment like the good old fashioned walk.

Walked From St. Louis. (and "When I joined the army" and he is talking of the Mexican war) I walked from LaCrosse to Jefferson barracks in St. Louis," said the old man, his face lighting up as he thought of bygone days. "Then upon being discharged at the end of service I walked from St. Louis to Janesville."

"Grandpa" is the only survivor of the Mexican war in this county. One would never learn of this distinction from talking with him, for he is unusually modest and reticent in talking about what he has done.

Confined to His Bed. Grim and hard at all times, is his motto. He never looks cross and the lines in the corners of his mouth turn up instead of down. Even in his recent illness, for "Grandpa" fell and broke his hip about a month ago and has been confined to his bed ever since—the old gentleman has never been known to complain.

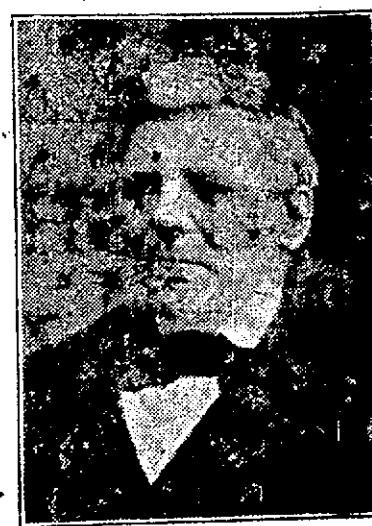

He says that he why all the neighboring kiddies love to come to him and beg for a story. And he always has a plenty of yarns. Groups of laughing youngsters from all about the neighborhood used to sit on his porch every morning waiting for him to come out and "play" with them.

Remembers River Traffic. The old man has lived in the same spot in the second ward, 838 Milton avenue, since June 1, 1858. Recalling the times when Janesville used to have a steamboat which ran from the Mississippi river through here to Jefferson he expressed the wish that that condition still existed.

"I love the boats," he said. "It is a shame that the bridges and dams had to be built."

"Grandpa" says that it makes his head swim to go down to town. He can hardly realize that this is the same Janesville he used to know 75 years ago. All is so changed.

Only One Church. "When I came here Janesville

GILBERT EVENSON.

had only two stores, one across the river and one on this side. The Episcopal church was the only one here. Other church services were held at the school house which stood where the Grand hotel now is. Another school house was located where Colvin's bakery now is on Milwaukee street.

The first Methodist church was built in 1855 in fourth ward.

"Grandpa" can tell hard times stories which sound hardly believable. "I felt quite prosperous when I was young earning 50 cents a day working from sunrise to sunset at that time was \$1.25 a week."

Janesville had only two doctors when I first came here and such a person as a nurse was unheard of. When one was sick, friends and neighbors always acted in this capacity.

Interested in Politics. There is no young man in the county who takes a keener interest in politics than does "Grandpa" Evenson. He reads the Gazette daily and also takes a New York paper which, since his illness, he has read to him.

When asked who his candidate for president is his eyes twinkled but he was non-committal. "I always vote for the best man, be he republican or democrat," he said.

Atmosphere Above Earth's Surface. The atmosphere is believed to extend much more than 100 miles above the earth's surface. Its density decreases rapidly for the first few miles of ascent, then much more gradually.

From the phenomenon of twilight due to refraction of light, it may be demonstrated that the air extends up to a height of 45 miles, but other phenomena, such as the behavior of meteors and the aurora, show that rare air exists at a much greater height.

DEMONSTRATION. Universal Combination Range. Demonstration at our store all next week. DOUGLAS HARDWARE CO. S. RIVER ST.

Ironing a Bungalow Apron on the SIMPLEX ironer.

Washing Machine Owners Attention!

The washboard no longer appeals to you as a practical appliance after having used an Electric Washer. It is likely, though, you have only solved half your problems.

The hand or flat iron is in the same class with the washboard—entirely out-of-date in an efficiently managed household. It is a time and labor waster, when compared with the modern Simplex way of rapid and easy ironing on a

SIMPLEX IRONER "THE BEST IRONER"

The SIMPLEX operates four times as fast as the most expert hand operator, and turns out far better work at less expense. The cost for an average family ironing never exceeds 4c.

This is Special Demonstration Week. Come in. See for yourself what the wonderful SIMPLEX IRONER can do for you.

Some men stay away from church because they are not interested in religious displays.

Dr. F. H. Lyslop moved to room 2 Jackson block.

FRESHMEN ORGANIZE; HARVEY CHOSEN HEAD

The Freshman A class at the high school met and organized a football team Thursday afternoon. The following officers: president, Jean Harvey; vice president, Virginia Howe; secretary and treasurer, Louise Hoot and representative at following council, Leslie Ellis. A faculty advisor was not chosen but Mrs. Harker attended the meeting. This is the first semester that freshmen have been allowed to organize. In former years, the classes organized when they became Sophomores.

33 FEWER ARRESTS THAN IN AUGUST

Evidently the "hooch" is disappearing here.

Less than half the number of August arrests were made by the police department here in September.

In August, 62 were taken into custody, the majority of them being intoxicated and disorderly, against only 29 arrests during the past month.

Of the 29 arrested in September,

23 were taken to court and six discharged. Arrests were made as follows: Disorderly, 11; suspects, 8; violating city ordinance, 6; speeding, 2; larceny, 1; desertion, 1.

The following officers made the arrests: Chief Morrissey, 5; Myers, 4; Barry, 4; Stein, 3; Albright, 3; Stricklin, 2; Saxby, 2; Jones, 1; Harmon, 1; Ward, 1; Scarsiad, 1; Handy and Dickinson, 1 each.

Samsons Roll Over Simmons Bed at Evansville, 9-2.

By George McManus.

Lathrop Pitches Great Ball and Is Backed by First Class Team Work

Coming from behind in the sixth inning with four runs on two hits and adding two more in the seventh and three in the eighth, the Samsons Tractors took the springs out of the Simmons Bed Co. of Kenosha at Evansville Thursday, 9 to 2. "Big" Bill Lathrop is smiling yet. He allowed the Bedmakers only four hits; never issued a pass; struck out seven and was given support that was marvelous under the weather conditions.

BEAT AT LAST!

Total 70	70

In the presence of 600 real baseball fans who liked to see the outcome of the Kenosha Fair Association despite the weather, the game was a hard fought battle. The game was a hard fought battle. The game was a hard fought battle.

Samsons Show Class
In every department, the Samsons displayed class. Only three men got as far as second and only two to third—the ones who scored Kenosha's brace of counters. In six of the nine innings, Lathrop set the visitors down in one-two-three rotation. Perring made the catch of the day when he snuck his glove hand in the path of a ball-drive off Hughes.

But, oh boy, that sixth! The fan started when Lathrop was given a compulsory duck to first and was sent to second by a duplication of the favor to Breckenridge. Both were advanced and the bases filled with runners down, when Schwinn dropped a clever bunt in front of the plate. Ralph Capron placed a neat and timely hit to short, scoring Nagle and the first run when Lathrop was given second. With two on and still none out, Perring sacrificed to centerfield scoring Schwinn.

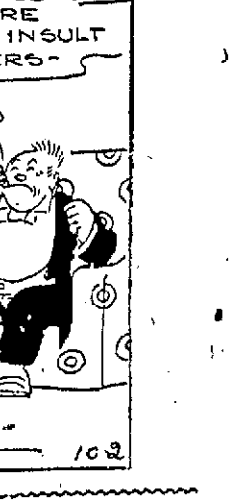

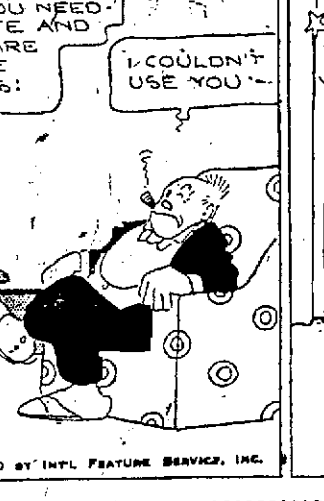

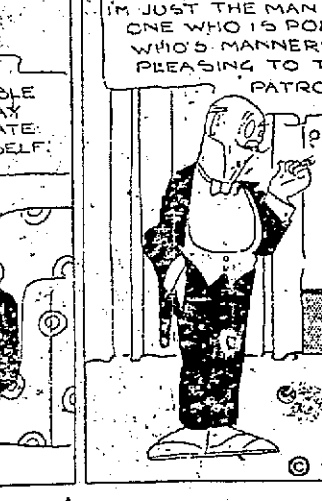

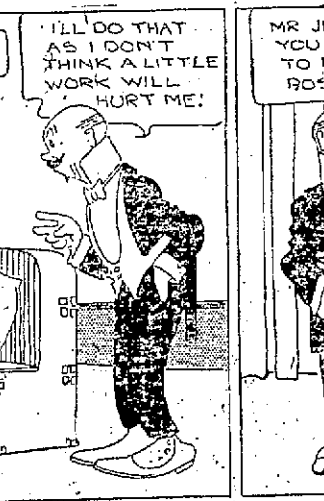

Not content with a three run lead, the Samsons came back in the seventh with another couple. After Shook went down at first and Lathrop, who had singled, was caught at second on a holder's choice that put "Breck" on first, Schwinn singled to short right and sent Breckenridge and Lathrop to second. Then Perring bled a home run, scoring Lathrop and Schwinn.

Two in Seventh
Not content with a three run lead, the Samsons came back in the seventh with another couple. After Shook went down at first and Lathrop, who had singled, was caught at second on a holder's choice that put "Breck" on first, Schwinn singled to short right and sent Breckenridge and Lathrop to second. Then Perring bled a home run, scoring Lathrop and Schwinn.

Once more in the eighth, the Samsons entered the scoring columns. This time it was a trio of counters, and they again started with a base on balls—this time to Perring. One of Holland's famous bingles' back of first for a hit and put "Rubber" on third. Then along comes Allan, with his second time batter in the game to score both of them. A single by Shook later scored Allan. The three outs followed in rapid succession.

FOR SALE—Bed, springs and mattresses at 22 S. Main, Apt. No. 2. Bell Phone 2225.

BRINGING UP FATHER

Blue Squad Is Picked by Coach; Ready to Tackle Fort Atkinson

With a final practice on the fair grounds field tonight, the Janesville high school football team will settle down to wait for tomorrow afternoon when they open their season by playing the Fort Atkinson high school at Fort Atkinson. Coach Reynor today announced his pick of the eleven as follows:

Simmons, center.
Schultz, left guard.
Arnold, left tackle.
Dawson, left end.
Sheridan, right guard.
Bennison or Goodland, right tackle.
Bick or Klipp, right end.
Griffith, full back.
Newman, right half.
Woodman, left half.
Smith, quarterback.

The original plans were to play Maxfield at right guard, but injuries he received in practice will keep him out of this week's battle. He sprained the tendons in his hip while blocking.

Student Mass Meeting
A mass meeting of the student body of the school was held this morning to pep them up with plenty of enthusiasm for tomorrow's game. Leader John Austin sent the school through blast after blast of cheers. The students were given a heart to heart talk on the importance of the game and the full use of their lungs. Austin will be cheer leader at tomorrow's game.

Team Looks Strong
The team is working nicely and smoothly. They displayed a lot of pep in the last few nights of practice. Thursday night a big line and a big backfield were worked together for the first time. Heretofore, the squad has been kept in the dark with scattered teams. Last night's combination created havoc. It cut through with easy dash, opened wide holes and looks mighty good to both Coach Reynor and Manager Wolf.

All in all, the squad looks to be the blues in several years. It is fast and averages 145 pounds.

TANKS LINING UP BASKETBALL TEAM
Company "I," tank corps, national guard, starts practice for basketball tonight at 7:30 on the armory floor. Plans are to put a first team in the field and play friendly games from outside towns on the floor here.

There are 14 men available for the five so far. The team will be outfitted with suits in tank corps colors. It is hoped that by an early start the team will be ready to make a good record this year.

THURSDAY'S RESULTS

QUAKERS HERE FOR WEEK-END

Samsons Tractors take on the Whitewater team of the Central State league Saturday and Sunday afternoons on the fair grounds diamond here. The Quakers come here with a reputation as winners.

With Dodge in the box, the local fans are assured of a couple of good games. Dodge is the man who carried so much fame this summer by twirling two no-hit, no-run games and made one of them on a day when he pitched two games and won both.

Gregory, the new Samson tractor, played from Rapid City, who once played with the Fairies, will pitch against him.

Samson has defeated Whitewater 5-1 once this season.

CHICAGO, Oct. 1.—Plans for a new governing body to replace the national commission were outlined by President John A. Heydler of the National League.

By NORMAN E. BROWN.
The queen herself again.
Which is to say that all those who thought Molla Bjurstedt Mallory, the Norwegian tennis star, had faded from the firmament are mistaken.

After capturing the national title among the fair sex for four consecutive seasons she went down to defeat last year at the hands of a new star, Marion Zinderstein. Molla asserted before the match that she was suffering from a sprained back, sustained earlier in the year. Her play was not up to the usual standard and to the general public, who knew not of the injury, it looked as though her game had deteriorated.

But a couple of weeks ago, after playing brilliantly through the entire tournament, she met Miss Zinderstein in the finals and outplayed her, winning handsly.

Miss Bjurstedt broke into the limelight in tennis soon after her arrival in the United States, winning her first national championship in 1915. She repeated in 1916-17-18. Officially no one is credited with the title for 1917, as it was called merely a patriotic journey. Her play, however, showed that she had no real rival that year. She has a powerful forehand drive which dazzles her opponents, and is a master at the backhand game also.

As You Were

By BUCH.
Of the Stars and Stripes A. E. 1

THEY HAVE THEIR TROUBLES
The lake is wide, the lake is deep. But sheets of water cannot keep The fish from losing lots of sleep Because of worms on hooks.

The rabbits can't enjoy their naps For fear the little ones, perhaps, Will go and catch themselves in traps And then be sold to cooks.

The birds can hardly stop to sneeze, For time is snatched on many trees To snare them since their feathers please.

The ladies, wicked dears! So when I think how worried they (Fish, beast and bird) must be all day, I worry less when I must pay 'For them to profligate.

Maybe some of those silk-shirt fellows you see, says ex-Sergt. SOL, are just cannonfodder for the labor vote.

THE NEW VOTERS
What about this new problem? Why don't people consider it seriously? So many men write in to us and ask: "Are we still to consider female voters as women?"

And the one question that bothers so many is whether they should give up their seats in the street cars. They are at least thinking about these matters, but they have no guidance, no advice. Personally we believe that there will be little change in the attitude of the male toward the female voter.

Unless, in the street car, for instance, she can smile alluringly enough around the edge of his newspaper, or apologize sweetly enough when she has dug a hole with her French heel in his foot—unless she can do this and more, she will doubtless be allowed to stand as she has always stood, vote or no vote.

And then there is the question of the silent vote and the secret ballot. Both have been widely panned about but neither have been seriously

2ND PIN LEAGUE STARTS TONIGHT

GAMES TONIGHT.
West Side.

Team—Pen—D. R. Woolen Mills—4-4
Daily Gazette—R. R. Mach. Co.—1-2
Hanson Furniture—City Police—4-5
Amer. Express—Samson No. 2—6-7

Opening of the Industrial Bowling league's season of 1920-21 will take place on both alleys of the city tonight. The Pin Knights are ready to go. Schedules have been arranged; all details of tournament play have been completed; absolute smoothness has been achieved throughout the entire season of 63 games is looked for.

As in the City league, each team must pay an entrance fee and advance a forfeit. In this circuit it is five dollars for entrance and five for forfeit.

Quite a large prize list is planned. The Gazette has put up a silver cup to be retained by the winning team.

RAIN STOPS LEONARD FIGHT; HOLD TONIGHT
Cleveland, October 1.—Another attempt will be made tonight to stage the 10 round bout between Benny Leonard, lightweight champion, and Jack Britton, holder of the welterweight title. The men were scheduled to meet last night, but the match was postponed because of rain and cold weather.

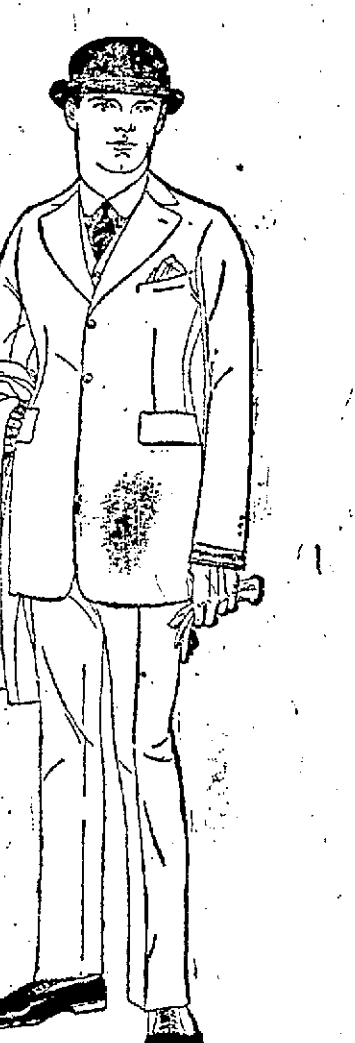

Yankee Second Sacker To Coach Michigan
New York, October 1.—Derrill Pratt, second baseman on the New York American league baseball team, has accepted the position of coach of athletics of the University of Michigan, it was learned today.

High notes are hard on the singer's throat, and still harder on the neighbors.

Harding Talks to Mothers of Nation

(Continued from Page 1.)

that all true Americans must insist that no woman should be left alone, she is the possessor of our future, and though she becomes engaged in the tasks and services of civilization, we must preserve to her the right of wholesome maternity.

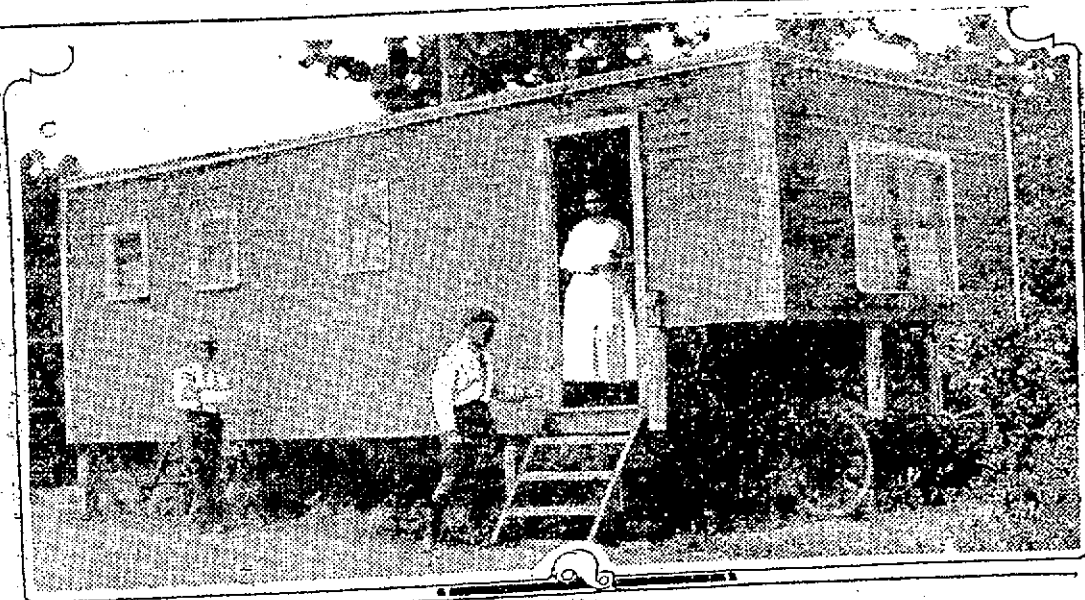

Army of Mothers
We no longer are spending of a small group of women in the United States, forty per cent. of them between twenty years of age, are engaged in paid occupations or professions. Such an army of potential maternity demands from America careful and adequate protection in the conditions which surround their labors. For such an army there must be an increasing enlightenment in industry and business which will tend to break down discrimination of sex in matters of remuneration and establish equal pay for equal work.

Welfare of Maternity
The present tendency, emphasizing the tasks of America, probably can not be understood by men alone. In the administration of education and state services which will assist industry and the public, and the women themselves, to understand the needs of women, we will require the services of the most capable women we can get upon federal and state boards of employment, labor adjustment, and industrial relations, directly or indirectly, is involved.

For Eight-Hour Day
There is a strong and probably wise sentiment in America in favor of an eight-hour day everywhere for women. The federal government has set the example in a policy which best human resources. Justice and American standards demand that women, who are engaged in an industry, be given the same rights as men, and it is entirely unfair to the state which fulfills its obligations to humanity in any of its industrial legislation, to place of humanitarian obligation, by failing to perform their obligation, with a temporary advantage in cost of production. I believe that one of the principal functions of the department of public welfare will be to enlighten and educate throughout the nation, so that we may have throughout our states an increasing sense of obligation to meet a national standard of social justice.

Safeguarding Farmer
I desire particularly to emphasize the need of safeguarding the property of the American farmer, so that he may compete with industry in obtaining a fair price for his products. I am hearing constantly voices raised in behalf of the women in industry, and I desire to raise mine now in behalf of the United States, who in the labor shortage of this year have gone into the hands of young girls and women, to give a service which, if it had not been given, would have deprived us this year of an adequate food supply. There must be labor normal labor, available to farm as well as factory.

Florida Couple Live Happily in a "Motor Flat," Laugh at Landlords

The Travers home and family.

Jacksonville, Fla.—When William Travers of Jacksonville was asked to come back to his home, he found there were scarcely enough homes to go round to accommodate him. He was to locate in two furnished rooms at an expensive rental, but he had in mind work which would enable him to give up his job and live in his own home.

Travers, an engineer and contractor, bought a used army auto truck at an army camp sale, then he obtained some lumber and built a three-room house on it.

Here is Travers and his wife comfortably located in their flat, on wheels drawn up alongside an auto, mobile highway. "This is the life," he declares, "and we are free of meddling landlords and can live the life of a lord."

The Travers home and family.

city life or breath the country air," adds Mrs. Travers.

This home on wheels is 26 feet long and 16 feet wide. In front is a room large enough to accommodate the driver and everything in a modern kitchenette, from gasoline stove, sink, refrigerator, and a small table. In the back is a dining room with table, chairs, a built-in closet and bookcase. Next to this is the combination living room and bedroom with a small bath room containing stationary plumbing fixtures and flexible plumbing for sewer connections when in town.

In order to be right up to date in the city for the winter, Travers has the truck at an army camp sale, then he obtained some lumber and built a three-room house on it.

Here is Travers and his wife comfortably located in their flat, on wheels drawn up alongside an auto, mobile highway. "This is the life," he declares, "and we are free of meddling landlords and can live the life of a lord."

BELOITERS SMOKE 35,000 CIGARETTES PER DAY, THEY SAY

Beloit.—Somebody that has a liking for statistics has figured out that Beloit residents smoke 35,000 cigarettes a day and also estimated that Beloit's tobacco bill, smoking and chewing costs \$21.8 a week. Attention is called to the fact that if all users of the weed would quit for one month and put the tobacco money in the state funds, it would pay for the new city central bridge. However the bridge will be paid for in the good old way of taxation.

LIQUOR WHOLESALERS REFUSED PERMITS

Milwaukee, Oct. 1.—Thomas A. Delaney, prohibition director, has received notice that no further permits to wholesalers liquor dealers shall be granted in except legal sale of whiskey. About 50 wholesalers have been licensed and about a half dozen applications for licenses were pending at Washington when the notice was received. Mr. Delaney already has been informed that one application had been denied and it is expected that the same action will be taken with the others.

GOV. PHILIPP ASKS WILSON'S AID IN SECURING COAL

(By Associated Press.)

Madison, Sept. 30.—Governor Philipp, today wired President Wilson asking him to aid Wisconsin in relieving the coal situation in this state.

"The supply of anthracite coal is very short in this state. In fact, many homes that depend upon this quality of coal for fuel, are entirely without it and we can see no supply coming to us, either by water or rail. There is not a generous supply of soft coal that can be used as a substitute and on account of the nearness of winter, the matter of coal supply for our people gives us great concern," the message said. Gov. Philipp suggested the appointment of a fuel administration "which will have the right to distribute the available coal where it is most needed and that the situation in the northwest receive proper consideration."

Prisons of Vienna Are Scandalously Crowded

Vienna.—Ten thousand criminal cases were recorded in Vienna during the year 1919 against 1,374 in 1918. The prisons are so crowded that it has become a scandal and the dockets so extended as to lead the public prosecutor to recommend that all cases in which conviction would involve not more than five years imprisonment be quashed. It is said that many of the cases cannot be reached for years.

The judicial machinery of the state is wholly inadequate to cope with the situation. Burglaries alone are stated to average 2,200 monthly.

Madison Car Lines in Petition for Fare Raise

Madison, Oct. 1.—The Madison Railways company asked the state railroad commission Thursday for permission to immediately increase

street car rates in the city of Madison. The present car rate of fare is 5 cents. The petition does not state as to what rate will be expected, but it will probably be 7 or 8 cents for cash fare.

Red Peasants Are Driven From King's Property

Naples, Oct. 1.—Police and carabinieri sent to Cardello, where peasants have seized property owned by King Victor Emmanuel, found red flags hoisted above the buildings, and were received with cries of "Viva socialism." The peasants then fled.

Coblentz.—The American forces in Germany will have an aviation unit within the next few weeks it was learned.

FORMER FARM LAD ASCENDS HIGH IN FORESTRY SERVICE

Edward A. Sherman.

Edward A. Sherman of Utah has been selected to succeed Albert F. Potter as associate forester of the U. S. forest service on the latter's retirement in May. Sherman was born and reared on an Iowa farm. He graduated from Iowa Agricultural College at the head of his class. He is now assistant forester in charge of the branch of lands, holding that position since 1915.

"New Way Cooking" EXHIBIT THIS WEEK

Plenty of room to cook on the new "Garland Simple Action Combination Range." Note the extra large cooking top with four holes for wood and coal and four for gas. Lots of room for that extra cooking service when needed. Observe also that the smoke flue is at the back of the range—gives extra room for cooking utensils. Yet with all this cooking space, the "Garland" Combination Range is compact and fits nicely into even small kitchens.

NOTICE TO CREDITORS.
Notice is hereby given that at a
Regular Term of the County Court
for Rock County, Wisconsin, to be
held in the Court House, in the City
of Janesville, on February 1st, 1921,
at nine o'clock A. M., all claims against
Sophia L. Maxfield, late of City of
Janesville, Rock County, Wisconsin,
will be examined and adjusted.
All claims must be filed in said
Court on or before January 30th, 1921,
or be barred.
Dated September 30th, 1920.
By the Court,
CHARLES L. FRIEDLAND,
County Judge.
Jeffrey, Mount, Oestreich, Avery and
Wood, Attorneys for Administratrix.
NOTICE OF HEARING.
In the matter of the petition of Pat-
rick H. Quinn and Julia Quinn, Peti-
tioners, for appointment of a guardian
of the estate of Frank LeVelle, a mi-
nor child, under the will of John Le-
Velle, late of Rock County, Wis., the
Regular Term of the County Court to
be held in and for said County, at the
Court House, in the City of Janesville,
in said County, on the 1st day of No-
vember, A. D. 1920, at 9 o'clock A. M., the
following matter will be heard and
adjudged:
The petition of Patrick H. Quinn
and Julia Quinn of the City of Janes-
ville, in County of Rock, Wisconsin,
for leave to adopt Frank LeVelle, a
minor child, under the will of John
LeVelle, late of Rock County, Wis., the
child by birth of Catherine Le-
Velle.
Dated Sept. 30, 1920.
By the Court,
CHARLES L. FRIEDLAND,
County Judge.
[By Gazette Correspondent.]
Richmond—Mrs. Adella Mitchell
will entertain the Country Efficiency
club Thursday afternoon, Oct. 1.
Mr. and Mrs. H. W. Calkins and
sons entertained the families of his
thrashing gang at their home Satur-
day. The evening was spent in a
dinner and good music was furnished
during the evening. Mr. and Mrs.
Shirley Gehring mourn the loss of
their infant daughter who was born
Friday evening and passed away a
few hours later. Interment was in
Richmond cemetery Saturday.
Col. Charles W. Minnecamp, who was
visitors at the Portland home Satur-
day. They made the trip in their
car. Those who attended the party
at Richmond last Thursday evening
report a pleasant time. Thomas
Cavaney has a man's felt hat which
he found on the Whitewater river.
He has been calling for it at Prairie
View farm, Richmond.
—William Wilson was a Palmyra
visitor Sunday.

STARLING
SPORTS
Alexia Stirling.
By NORMAN E. BROWN.
Golf critics felt pretty certain that
Miss Alexia Stirling, holder of the
women's national golf title, will
win the crown this fall. The na-
tional meet will be held over the
links of the Mayfield club, Cleve-
land, O., the week of Oct. 1-5.
The playing of this young Atlanta
wizdard is one of the most interest-
ing chapters in golf history.
Six years ago, at the age of sev-
en, Miss Stirling qualified for her
first championship meet but lost out
in the first round of matches. The
following year she reached the
semi-finals. She lost to Mrs. C. B.
Vanderbeck in the final match that
is written in golf annals as one of
the most exciting battles ever re-
corded in the national meet. Mrs.
Vanderbeck winning in 22 holes.
The following year Miss Stirling
won the title and has not relin-
quished it since.
Antelope—Peter Krensch, placed
under arrest here, is believed to be
"Jack the Peeper," who has been or-
dered to leave the city. He is
charged that he assaulted Chester
Huginn, who attempted to capture
him single-handedly.
KAISER'S OLD PET
MAY COME BACK
Reports from Berlin have it that
Prince von Buelow, Germany's
greatest diplomat and the kaiser's
pet before the World war, is slated
to return to public life shortly as
German ambassador to Rome.
Hints have been received in Berlin
from Rome to the effect that the
appointment of von Buelow as an
old friend of Premier Giolitti,
would be regarded with favor.

SENATORS TO WIN IN MANY CONTESTS

Outlook Excellent for Both Houses of Congress Being Republican.

(SPECIAL TO THE GAZETTE.)
Chicago, Oct. 1.—With the last month of the campaign at hand, public opinion headquarters in Chicago have begun devoting special attention to the senatorial and congressional elections. Vice Chairman John T. Adams and Senator Harry S. New today discussed the prospects for the senate, and Congressman Martin E. Madden made an estimate of the next house. Their predictions were approximately as follows:

Thirty-four Senators.
Of the thirty-four Senators to be elected in November (two additional members filling the unexpired terms of Buchanan of Alabama and Martin of Virginia, deceased) the republicans are sure of fifteen, reasonably sure of eight others and have a fighting chance for still another two. Present indications are that the republicans will elect twenty-three, showing a net gain of eight.

433 Congressmen Running.
Of the 433 congressmen to be elected the republicans expect to make a net gain of twenty-five. The present majority in congress is forty-six. The next congress republicans will not be less than seventy-one.

The fifteen republican senate candidates rated as certain of election are: California, Samuel M. Shortridge; Connecticut, Frank B. Brandegee; Idaho, Frank E. Gooding; Indiana, James E. Watson; Illinois, William D. McKinley; Iowa, Albert B. Cummins; Kansas, Charles Curtis; Massachusetts, George H. Norris; New York, James W. Wadsworth, Jr.; North Dakota, E. F. Ladd; Ohio, Frank B. Willis; Pennsylvania, Boies Penrose; South Dakota, Peter Norbeck; Vermont, William P. Dillingham; Washington, Wesley L. Jones.

Of these California, Idaho, and South Dakota are expected to elect republican successors of democrats, a gain of three.
In the following states the republicans say they have better than even chance today: Colorado, Kentucky, Maryland, Missouri, Oklahoma, Utah, Wisconsin and Oregon. Of these, Kansas, Colorado, Kentucky, Maryland, Oklahoma and Oregon are said to be set to return republican candidates as successors of democrats, making a net gain in this group of five, or a total net gain in the two groups of eight, which would increase the republican strength in the new senate to fifty-seven, leaving the democrats thirty-nine.

In two states the situation is in

doubt. They are Arizona and Nevada, where successors to democrats are to be elected. If both these states should be lost to the republicans, which is not conceded, it would not affect the estimated republican gain of eight in the new senate.

Democrats Conceded.
The democratic candidates who are expected to elect are: Alabama, Oscar W. Underwood, long term, and James Thomas Heflin, short term.

Arkansas, T. F. Caraway; Florida, Duncan U. Fletcher; Georgia, Tom Watson; Louisiana, Jared Y. Sanders; North Carolina, Lee S. Overman; South Carolina, Ellison D. Smith; Virginia, Carter Glass.

Republicans May Gain.
East of the Mississippi river reports at headquarters indicate that there is not a section where the republicans will lose congressmen, but they stand a good chance of increasing the republican lead. In the New England states the democrats are expected to make no gains, but will lose at least one district in Connecticut.

In the old middle states the republicans look for a gain of three members from Pennsylvania, two from New Jersey and one in Maryland.

In the old middle west group they expect their will gain three members in Ohio and one in Illinois.

In the southern states, so-called, they count on a gain of two in Tennessee, two in North Carolina, one in Oklahoma and two in Kentucky.

Eight Gain in West.
From the Mississippi river to the mountains they expect to add four republicans from Missouri, one from Kansas and one from Colorado. On the Pacific slope the republicans count on a gain of two in California and one in Nevada.

These estimates do not take into account the republican leaders say, a possible landslide vote for the republican ticket. The republicans say that if Senator Harding and Governor Hughes should find themselves on the crest of a real tidal wave they would, of course, carry with them a considerable number of republican congressional candidates in districts normally considered democratic.

CARPENTIER WORKS OUT FOR 100 CRITICS

New York, Oct. 1.—Georges Carpentier, European heavyweight champion and a prospective opponent of Jack Dempsey, gave a demonstration of his ability Thursday before 100 boxing critics. The occasion was the French boxer's first training exhibition in preparation for his 12 round bout against Battling Levinsky at Jersey City, Oct. 12.

HERZOG KNIFED AT JOLIET AFTER GAME

Chicago, Oct. 1.—Charles "Buck" Herzog, of the Chicago National league team was slashed with a knife as the Cubs were leaving the baseball park at Joliet, Ill., after an exhibition game.

Trade is being resumed between Argentina and Germany, the secretary of ships being considered the chief limiting factor.

CITY POPULATION OUTSTRIPS URBAN; 105,768,100 IN U. S.

Washington, Oct. 1.—The United States is not growing as rapidly as had been expected, the census bureau announces. Current figures made public show that the increase in a certain proportion of the population was only 15 per cent between 1910 and 1920, as compared to an increase of 20.9 per cent between 1900 and 1910.

An official statement, issued Thursday by the census bureau says: "The results of the count of population indicate that the retardation, or check in the rate of population growth will be much more marked for the country districts and small cities than for the large cities or urban centers. For several censuses the country has not been growing as rapidly as the city, but the difference appears to be greater at this census than ever before."

The aggregate population of 141 cities, having a population of over 50,000, showed an increase of 35.8 per cent from 1900 to 1910 and of 24.4 per cent in the decade 1910 to 1920, so that in the case of these cities the percentage of increase fell off just about one-fourth in the last decade as compared with the decade before that.

Cities are increasing in population seven and a half times as fast as the rural districts, the census bureau disclosed.

The figures indicated that the complete census would place the total number of inhabitants of the continental United States at approximately 105,768,100, a gain of 13,795,840, or 15 per cent.

Cities will absorb practically all this increase, it being estimated that an increase of 10,172,700 comes from towns of 2,500 or more inhabitants, while 1,623,040 were added to the farms and the small hamlets.

Such a movement of the people will place the urban population at approximately 64,796,100 and the rural population at 40,972,000. In 1910 the rural population outstripped that of the cities by almost 7,000,000 people, there being 42,248,824 in the country and 42,629,259 in the cities.

West Virginia, with a population of 1,463,610, an increase of 242,491, or 16.5 per cent over 1910, has passed Maryland in the relative standing of the states. West Virginia stood 25th in 1910 and Maryland 27th.

Other census figures announced today are: State of West Virginia, 1,463,610; increase 242,491, or 16.5 per cent. Wheeling, W. Va., (revised) 56,208; increase 14,567, or 25.9 per cent. Previously announced 54,332.

Moline, Ala., (revised) 60,777; increase 9,236, or 15.0 per cent. Previously announced 60,151.

The time seems to be coming when those who indulge in luxury and show will be regarded with quite as much suspicion and contempt as was formerly directed toward those who hunted the doors of chicken coops after dark.
